TravAmogh

UTTARAKHAND / 2 DAYS

Chopta and Tungnath Trek

Settle near Chopta on day one, then give the Tungnath temple walk its own day with a daylight return.

DAY 1

Arrive in the Chopta area

During daylight

Travel to your stay

Allow a buffer for mountain roads. Amogh stayed in Ukhimath before heading to Chopta. Confirm where your driver will drop you and what time you can start.

Evening

Check the trail and temple access

Ask locally about weather, trail conditions and temple access. Pack layers and plan an early start and a daylight return.

DAY 2

Chopta to Tungnath and back

Early morning

Start from Chopta

Follow the designated trail and allow time for breaks. Uttarakhand Tourism places Tungnath about 3.5 km from Chopta. The same path is a return walk.

Read the TravAmogh story

Afternoon

Return to Chopta

Allow time for the descent and your onward ride. Shorten or skip the walk if the route, weather or how you feel makes continuing unsuitable.

Before you go

- Check seasonal access before booking. Bring layers, water and shoes with good grip.
- Keep the temple as the planned turnaround so there is time to get back in daylight.
